modell@northweststate.edu**CUSTOM TRAINING SOLUTIONS OFFERS
NON-CREDIT CLASSES TO KEEP YOU SHARP THIS SUMMER***Courses offered online and in Archbold and Toledo*

ARCHBOLD, OHIO – Custom Training Solutions, a division of Northwest State Community College, is offering summer, non-credit courses designed to help businesses and individuals gain new technology skills. A variety of subjects in varying course lengths will be offered in both online and face-to-face formats.

“The online courses are great for those who don’t have the time, or budget, to attend a class in person,” said Tami Norris, computer training coordinator. “Some of the most popular online course topics include grant writing, medical terminology, and accounting.”

Courses including “Building a Website for Your Small Business” and “Creating Apps for Your Android Phone” are designed to help entrepreneurs, non-profit organizations and new businesses develop their web and mobile presence. Courses on Microsoft Office, QuickBooks and digital photography will be offered as well.

Summer courses will be available online, at NSCC’s main campus and satellite locations, and at the University of Toledo’s Scott Park campus. For more information on the classes offered through Custom Training Solutions, visit www.trainwithcts.com or contact Lori Yoder at 419.267.1332.

###

Custom Training Solutions is a division of Northwest State Community College that provides innovative Technical Training & eLearning Solutions to make your business more competitive.
